Reference: RECALL UPDATE

URGENT OTC/DRUG Product Recall

Dear Inopak Customer;

Please read this letter in its entirety as this is to inform you of an update to the existing product recall initiated by Inopak on April 22, 2019.

Inopak inadvertently failed to identify two (2) size options (**2 oz bottle and 500 ml pouch**) and several labels that should have been included in the initial recall initiated on April 22, 2019.

In addition, there are two product batch numbers that are expired and are **not included in the recall**.

- Mediwash Product #5050F - Batch Number: 6691 and,
- White Bajan Product #5012T – Batch Numbers 6633

There is one updated product sku that was typed incorrectly. E2 Soap should have had the SKU# 5014 and not 5064. The list of products, sku number and batches below reflect this change.

There are no changes to the remaining batch numbers or the previous labels on the original recall letter dated April 22, 2019.

The complete size and package types are now listed below;

All products were packaged in one or more of the following package type and sizes;

- Plastic Bottles – 2 oz., 4 oz., 8 oz., 18 oz., and gallon.
- Pouches – 500 ml., 800 ml., 1000 ml., or 2000 ml.

The additional labels inadvertently left off the original recall letter dated April 22, 2019 are attached for your convenience as well.

All information can still be located on the Inopak Recall website found at;

[Inopak Recall Webpage](http://www.inopak.com/recall)
www.inopak.com/recall

Below is a comprehensive list of the recall products and batch numbers with the expired product batch numbers removed.

All products were manufactured from January 1, 2016 – June 30, 2018 and all have a 3-year expiration from the date of manufacture.

Immediately examine your inventory and quarantine product subject to recall. In addition, if you may have further distributed this product, please identify your customers and notify them at once of this product recall. Your notification to your customers may be enhanced by including a copy of this recall notification letter.

This recall should be carried out to the retail level.

Your assistance is appreciated and necessary to prevent any possible harm to users.

Alternatively, this information may also be found, along with return instructions, forms, and process on the Inopak Recall Webpage <http://www.inopak.com/recall>. (Alternatively, you can visit our website home page at inopak.com and then click the “Recall Info” link on the lower-left.)
